

## STAIR GUARDRAIL FASÇIA MOUNT

For both interior and exterior applications, our Stair Guardrails can be mounted either to the top or exterior of the stringers with joints at right angles to the stringer or perpendicular to the treads. Our Stair Guardrails are available in a variety of finishes and materials and Cor-Ten. A mounting bracket is available for handrail supports to be seamlessly integrated between the panels. See our available accessories, including lighting, wood caps, and floor closure plates.
