

## "NAIL-ON" SUNFIN

The "Nail-On" Sunshade takes our "Nail-On" Sunfin system to the next level of simplicity. In this innovative design, the sunshade is directly affixed to the structure, reducing unnecessary complexity. The "nose" of the Sunfin can feature either a streamlined knife edge or a smaller flange than what is commonly seen in our system. This versatile application is ideal for snugly fitting against windows with depths of up to 24 inches.
